

Beaconside Sports Centre

Stafford

Status:

Completed 2002

Value:

£12 million

Client:

Staffordshire University

Description:

The design and construction of a new sports centre at Staffordshire University's Stafford Campus.

The new centre was designed and developed in close consultation with the client and users to provide a multi-use sports complex, which caters for the University's educational requirements and extra-curricular activities.

The new sports complex comprises a sports hall, ancillary hall, fitness suite, changing rooms, administrative centre, relaxation area and entrance foyer.
