

## Hanley Hope Centre

Stoke-on-Trent

**Status:**

Completed 2007

**Value:**

£1.4 million

**Client:**

Hanley Christian Pentecostal Church

**Description:**

The Hope Centre Project is a much needed, newly built multipurpose community centre and training facility, serving an inner-city ward of almost 9,000 residents within the City of Stoke on Trent.

The Centre is used by several service providers and community groups, and is focused on building capacity within the local community through training, education and social skills.

We worked in partnership with the City Council's Youth and Early Years departments, the Learning and Skills Council, the Youth Offenders Teams, Equality Training, the Racial Equality Council, "Connexions" (Careers Service) and local schools.
